Color infusion + Hair replumping

GRAND OPENING SPECIAL OFFER – Absolique Hair Health Clinic’s new hairdressing services are performed by our team of qualified hairdressers, Shea, Klairissa and Trichologist Carolyn (depends on availability). Hair colouring can be a necessary evil. When hair growth is compromised by hair loss, hair thinning and scalp conditions, it can be very confusing to know what the right thing is to do for your hair health. We have carefully chosen **Colour Infusion and Hair Replumping with OWAY Hnectar** because it is free from ammonia, PPD, resorcinol, alcohol and mineral oil along with safe colour infusion and hair replumping.

Call Absolique Hair Health Clinic on 07 3229 3242 to secure your SPECIAL OFFER

OWAY have chosen the purest ingredients in nature to revolutionize the concept of colouring and deliver a completely new, essential, regenerating, hair treatment. Hnectar is the first colour infusion with integrated hair replumping. Hnectar colour infusion and hair replumping is suitable for sensitive scalps, damaged, fragile and fine hair, providing moisture, elasticity, brightens hair faded from poor hair growth and sun exposure, and replumps stressed hair.

Hnectar 2 in 1 colour service is refined hair colouring and rejuvenation of hair’s structure. Absolique are super excited to introduce the benefits of Hnectar hair colouring. Our focus is on safe hair colouring for your hair and scalp and understanding there may be hair growth problems to be aware of. Absolique Trichologist and our team of hairdressers will guide you through your options to see if you will be as happy with Hnectar colour results as we are. Recent microscopic diagnosis or scope session is required to use our new colour service, so we can be 100% honest about the results you can achieve and as always, safety is our number one priority when it comes to your hair health. To form a hair colour plan unique to you, we will be including **complimentary 15 minute in clinic or phone consultation**, so you are confident with your hair colour service you will receive.

Consultations and colour services cannot be performed on the same day due to our private clinic environment. Bookings are essential. Please call our reception team on 07 3229 3242 to ask any questions and to purchase your special offer.

*Package to be pre-paid, No expiry date.
